

Volunteers register high school teams for the 2003 Arizona Regional Science Bowl held at Glendale Community College.

Registration for the 2003 AZ Regional Science Bowl held at Glendale Community College begins in the early morning.

Teams are assigned rooms by a lottery. Last years competition had 28 teams from 13 schools throughout the state.

Just some of the raffle items for the students.

Trophies along with plaques were given to the 1st through 4th place teams along with \$500 scholarships. Corporate sponsors help fund this competition.

Two teams compete in an eight minute round robin during the morning competition.

The timekeeper keeps a close eye on the clock while the room judge listens to the question being read by the moderator.

The scorekeeper prepares to write the score down. The moderator reads the questions and the room judge acknowledges the team and the correct answer. The timekeeper watches the clock.

A team listens attentively to the question.

The scorekeeper keeps track of the score during the competition.

Pizza – a favorite of everyone for lunch.

The winners! Mountain View High School from Mesa took first-place honors from Arizona's 11th Regional Science Bowl held March 1, 2003. Mountain View was coached by science teacher Anne Edelstein.
